ABOUT

Web Developer and Democratic Campaigner with a passion for building digital tools to help progressive candidates win.

WORK EXPERIENCE

GENERAL ASSEMBLY

Web Development Immersive Student | Mar 2018 - Present

- Donor Explorer: a React app using FEC API and Django REST Framework to allow users to explore campaign finance donations
- 2018 Congressional Candidate Viewer: a single page application using Vue, NodeJS, and MongoDB that allows users to view and filter 2018 Congressional candidates
- Seekr: A single page application using Python, Django, and React to allow users to track their job applications and status

HELMER FOR CONGRESS

Finance Director | Nov 2017 - Feb 2018

- Led fundraising team that raised over \$1M, averaging over \$200k per quarter
- Digitized 10,000 contacts and deployed new finance process to increase weekly average donations by 285%

CHERYL TURPIN FOR VIRGINIA BEACH

Field Director | Jul 2017 - Nov 2018

- Flipped a Trump district, swinging it from a 5% Hillary loss to a 2% Democrat victory
- Led Field program that knocked over 40,000 doors during 4-day GOTV with over 80 active volunteers, 2 Organizers, and 4 Fellows

PENNSYLVANIA COORDINATED CAMPAIGN

Field Organizer | Jul 2016 - Nov 2016

- Recruited, trained, and managed a team of over 300 volunteers that made 45,000 phone calls and knocked on 15,000 doors in a district with only 35,000 registered voters
- Achieved performance metrics that were rated among the top 3 Organizers in Pennsylvania

MCKINSEY & COMPANY

Senior Business Analyst | Jun 2014 - Jul 2016 & Mar - Jul 2017

- Recommended and implemented corporate strategies for clients in defense, automotive, banking, healthcare, hotels, and government while serving clients in 5 countries on 3 continents
- Wrote presented strategy materials to 2 CEOs and 2 Generals/Admirals during my tenure
